Status of the Physician Work Disruption Policy & Virtual Care Fee Codes

NLMA has received questions from a number of members about the status of the Physician Work Disruption Policy and the Virtual Care Assessment Code given that these policies were established with an expiry date of July 1 or whenever the Department of Health and Community Services deems pandemic health care delivery no longer necessary. While July 1st is not a definitive end date, we are meeting with the Department next week to discuss the status of the policy as we approach that date. We will continue to update members as this discussion evolves.

*Representing and supporting a united medical profession and providing leadership
in the provision of excellent health care in Newfoundland and Labrador*
