MCP Newsletter: Final Payments of the Physician Work Disruption Policy (PWDP)

MCP has announced an update on the final payments for the PWDP. Payments of the 80% top-up under the Pandemic Work Disruption Policy (PWDP) will be paid to eligible physicians on November 4, 2020.

Payments of the 100% top-up under the PWDP will be paid to eligible physicians on November 18, 2020.

If necessary, physicians with a balance owing from the \$10,000 advance payment on May 20, 2020 will be contacted by MCP audit division and a repayment plan will be arranged (Note – this is not a FFS ‘audit’ but rather an administrative function to facilitate repayment of any advanced payment still owing now that final payments under the program are being made).

Please refer to the MCP newsletter for further details.
