Custom Orthotics
It's amazing how many aches and pains in our body can be traced to wrong or badly-fitting footwear. We can put a spring in your step again with orthotics made just for you.

Custom Bracing
When your knee, back or neck needs some extra support we have the most modern designs and the best brands for the job.

Compression Garments
We have one of the widest ranges of compression wear you'll find anywhere, for men and women. The right one can help you get back to, or continue on, an active lifestyle.

Performance and Custom Footwear
We carry Ecco, Birkenstock, Dansko and other performance and comfort footwear brands and we have been selling them for years. Chances are we have the right pair for you.

Allergy Management
Allergies can sometimes bring life to a full stop. But the right allergy management products can get you out there again. Talk to us and let us share our knowledge and experience.

We need to talk.

Mastectomy Bra Fitting
Our comfortable, private fitting suite allows you to get the fit that's right for you.

Let's speak body language.

We speak body language.

When our body talks to us it's a good idea to listen. That neck pain, backache, or difficulty walking is a sign something is happening that needs to be taken care of.

Living to your full potential can only happen when your body has the support it needs to perform at 100%. Whether it's on the job or just a walk in the woods, Healthquest has the products to help your body in whatever part it needs it most.
