NEWFOUNDLAND AND LABRADOR

Material Distribution

The Canadian Cancer Society, Newfoundland and Labrador Division has a wide variety of resources that are available to organizations, groups, health professionals and individuals.

We are committed to providing materials and services to the public at no cost, whenever possible. We strive to supply the amount of print materials requested but may have to limit quantity as our stock permits. Because our publications are reviewed and updated on a regular basis, we do not encourage you to order supplies that would last in your stock for more than one year.

To order:

Please visit www.cancer.ca/nl and under the Quick Links section click on the drop down section called take me to and you will find the publications form.

You can view the Canadian Cancer Society publications on their main page called publications. You can choose between the following categories:

- Understanding your diagnosis
- Cancer treatments
- Living with cancer
- Reducing your risk of cancer

All our publications online are available in PDF format and some are available in languages other than English and French.

For orders of publications please fill out our *Publications Order Form*

Please send your order by email at material@nl.cancer.ca or by fax at 1-709-753-9314
